

***Where our mission is to represent and promote the
local businesses in the best possible way***

A chamber of commerce is designed to stimulate commerce by encouraging the exchange of goods and services to create a growing economy.

So why join the Chamber?

Joining the Chamber is an investment in the community and a vote of confidence in the economic future of Hico.

The return on that investment is receiving referrals from the Chamber and other members, participating in events, members only sponsorship opportunities, and building powerful, unified efforts to accomplish many community initiatives.

Member ship is also about exposure through inquires to the Chamber from residents and out-of-town visitors about our business and community.

Members are listed on our website Directory. New members are celebrated with ribbon cuttings. There are many opportunities for members to expose their business through Chamber sponsorships.

These are just a few of the ways Chamber members play a role in making Hico a better place to live and work.

Please see attached forms for more information on the level of memberships available.
